Steel Users Federation of India

# ABOUT BANGLADESH STEEL 2018

Steelgroup has set the platform in one of the emerging markets for Steel i.e. Bangladesh by organizing the conference for both the products Long & Flat in 2016 & 2017. The Bangladesh Steel industry is yet to strengthen its local market and establish a strong supply chain including import/export markets.

Along with the Long products segment, this conference will also cover the rolling, coating and profiling segment from the Flat Steel. All aspects related with the downstream production of steel coils and sheets are covered in the conference. Conference will have sessions in various areas covering market scenario, branding, technology and equipment related with steel cold and hot rolling with processing industry.

To create a better networking platform between primary manufacturers, small & medium scale producers and supply chain drivers, we are ready with yet another conference - Long & Flat Products Summit Bangladesh | Monday | September 10th, 2018 | Chittagong, Bangladesh.

## ABOUT US

**STEEL GROUP**  
—CONNECTING-THE-STEEL-WORLD—

Steelgroup is one of the largest conference organizers specially focused to Steel Flat Products & it's technology. It has commenced the journey with the inaugural Galvanizing Coating and Profiling (GCP) Summit in 2013 in Mumbai with over 275 delegates & made a strong presence in the industry. 300 delegates are expected to participate in 6th Galvanizing Coating and Profiling Summit in Mumbai

## ABOUT SUFI

**Steel Users Federation of India**

" SUFI is a federation representing all the stake holders in steel space such as steel mills, steel users, steel traders, steel brokers and steel service providers across INDIA.

The fundamental objective of SUFI is to bring all the stake holders onto a common platform so that all can move forward in a tandem in order to achieve the targets as set in current steel policy by ministry of steel.

SUFI is proud to be associated with STEELGROUP in order to organise various summits, conferences and seminars so that these objectives are met.
